

GST Invoicing Software Using PHP & MySQL

❑ **About Project:** This Invoicing System is developed using HTML, CSS, Bootstrap, JavaScript, PHP & MySQL. Here in this project there are two sections **Admin Side & User Side** from where a user can view total orders which includes order suffix, date, customer name, address, state, order amount and also can print the bill. The admin plays an important role in the management of this system.

❑ **About Software:** Talking about the features of Invoicing System, the user can simply view total orders which includes order suffix, date, customer name, address, state, order amount and many more. The admin can manage orders, customers, category, company profile, state. It also contains user management for easy management of the system.

Design of this project is pretty simple so that the user won't find any difficulties while working on it. Invoicing System in PHP helps the user in creating daily/monthly invoice GST compliant.

❑ **To Run This Software:** To run this software you must have installed virtual server XAAMP on your PC. After starting Apache and MySQL in XAMPP, follow the following steps

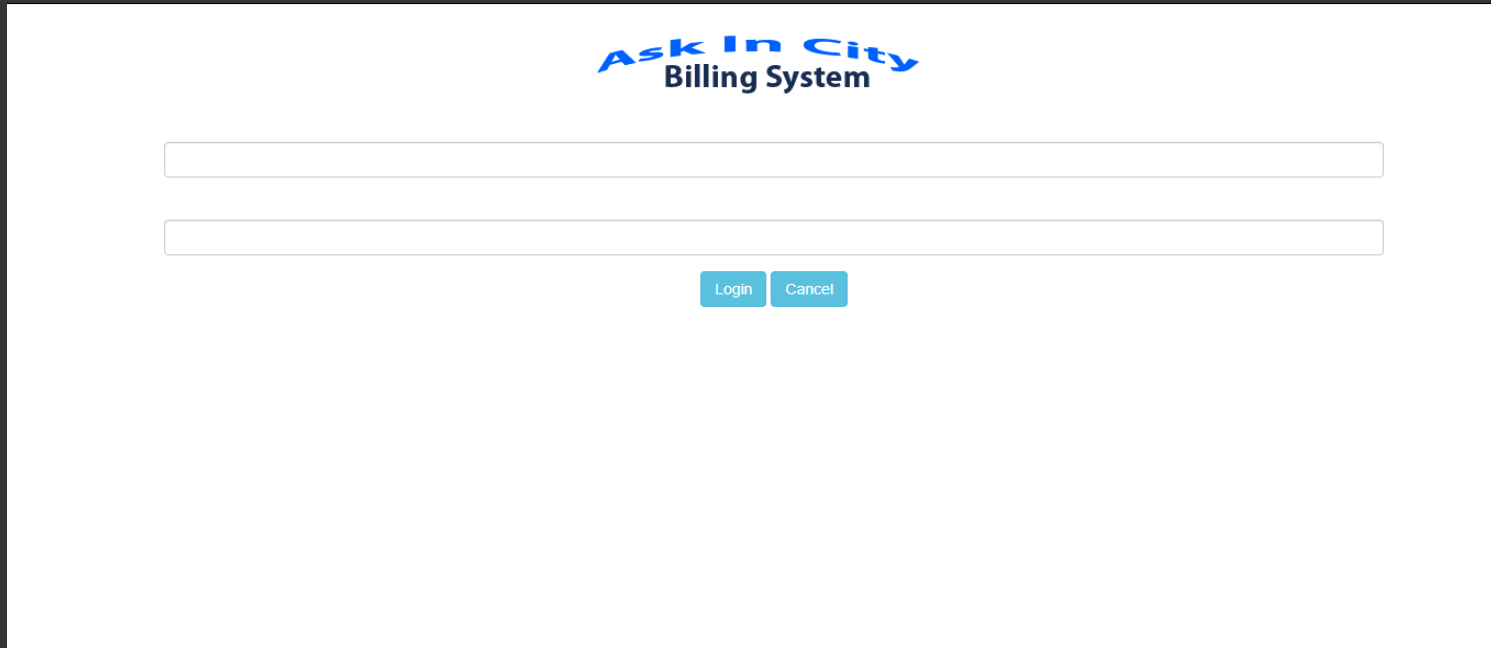

- 1st Step: Extract Files
- 2nd Step: Copy the main project folder
- 3rd Step: Paste the folder in **xampp/htdocs/**

Now Connecting the database

- 4th Step: Open a browser and go to URL <http://localhost/phpmyadmin/>
- 5th Step: Click on the databases tab
- 6th Step: Create a database naming "invoicing" and then click on the import tab
- 7th Step: Click on browse file and select "invoicing.sql" file which is inside "DATABASE" folder
- 8th Step: Click on go
- 9th Step: Open a browser and go to URL <http://localhost/Invoicing/>

You will get this page as follows:

The screenshot shows the login page for the "Ask In City Billing System". At the top center, the logo "Ask In City" is displayed in blue, with "Billing System" in black text below it. Below the logo are two horizontal input fields for username and password. At the bottom center, there are two buttons: "Login" and "Cancel", both in a light blue color.
